ABOUT KING POOLS

When you build a new home with King Homes NSW, you can add a pool to your new home build to create the ultimate backyard.

NEW HOME & POOL

King Homes NSW has been operating King Pools since 2020. Along with our new home builds, we offer our customers the opportunity to build a brand new pool on their block of land.

Building a pool during your home construction means we'll have better access to build the pool and be able to deal with any dirt during the home build. We also work with you to design a pool that will suit your block of land, home design and your budget.

And, there is no need to wait until after you are in your new home to realise your dream is not complete without that pool in the backyard for the summer days or just to keep the kids entertained. Your new King pool will be handed over to you at the same time as your new King home.

BUILT TO LAST

You can rest assured your pool has been built to Australian Standard. We build solid concrete pools and offer our own premium 'Bead Crete' lining coating which is an exclusive product made only for King Homes NSW customers.

We stand behind our pools so you can take the plunge with confidence, knowing that you have invested in the very best swimming pool available – a pool built stronger to last longer from the team at King Homes NSW.

Experience the King Homes *difference*

IN-HOUSE DESIGN & CONSTRUCTION

We take pride in being one of the only Sydney home builders who handle the pool construction ourselves, without outsourcing it to third-party contractors.

QUALITY IS PRIORITY

Our in-house approach allows us to maintain the highest standards and pay meticulous attention to every detail, ensuring that our customers receive a pool that exceeds their expectations.

EXCLUSIVE BEAD CRETE LINING

We developed an exclusive bead crete lining, designed exclusively for our clients. This innovative and durable lining enhances the longevity, beauty, and functionality of our pools.

SEAMLESS CONSTRUCTION PROCESS

We integrate the pool construction process with the home build. This makes it more convenient for our customers as they can coordinate the building of their home and pool, saving time and effort.

POOL READY AT HANDOVER

We understand the excitement of enjoying a new home with a sparkling pool. We ensure that the pool is ready at the time of handover. This means you can enjoy their brand-new home and pool right away.

CUSTOMISABLE CONCRETE POOLS

Our concrete pools can be fully customised to suit the characteristics of the block of land and the house design. We have the flexibility to create a bespoke pool that perfectly complements your home and budget.

ENGINEERED FOR SUPPORT & STABILITY

You can trust that the design and engineering of the house will seamlessly support the pool construction. Your home is carefully engineered to provide the necessary support, stability, and longevity for the pool.

STANDARD KING POOL ON DISPLAY AT
HOMEWORLD LEPPINGTON

OXFORD POOL ON DISPLAY

Introducing our masterfully designed Oxford pool, expertly crafted to optimise every section of the yard, even on a 15m wide block that splays to a 10m rear boundary. To allow for additional landscaping features, the pool shape maintains a minimum distance of 1.65m from the rear boundary due to a storm water easement while remaining consistently 1m from the boundary.

Our innovative design includes a feature window to the lounge room, providing a view of the pool from the home. The pool features a seating ledge, maximising the pool's footprint, and two deck jets, creating water arcs to enhance its visual appeal.

This versatile pool can be built against your house, creating a seamless connection and indoor-outdoor flow. With easy access and additional piercing, the pool sits just 300mm from the house slab, ensuring convenience and elegance.

Allow our skilled team to bring your vision to life alongside your new home build, transforming your yard into the ultimate entertainer's backyard.

**OUR OXFORD POOL DESIGN WITH CUSTOM
STEPS, SEATING LEDGE AND 3 X DECK JETS AND
3 X SPA JETS**

PRICED FROM \$54,400

SORRENTO POOL

Our custom pool where luxurious finishes and meticulous craftsmanship come together. This pool design is meticulously crafted to be admired from all angles of your home.

Inspired by the iconic Californian vibes, the pool is complemented by a outdoor Cabana, offering the perfect place to relax, unwind and read a book.

The pool's deep blue tiles exude opulence, transforming your backyard into a resort-like haven. The tiled surface not only enhances the pool's aesthetic appeal but also ensures a smooth and comfortable swimming experience.

Our Sorrento pool is designed to be the standout feature, positioned for maximum visibility, it welcomes you from the front door, with its northern orientation ensuring the sun's magic glistens off the tiled surface.

Enhanced by a beach area for kids to play and a custom cabana for lounging, this pool is a dream come true for the whole family.

OUR SORRENTO POOL DESIGN WITH CHILL-OUT LEDGE, 2X CORNER STEPS AND TILED INTERIOR LINING

PRICED FROM \$59,860

A modern outdoor pool area featuring a concrete pool with light-colored stone tiles. The pool is surrounded by a glass railing supported by black posts. In the background, there is a patio with a white wicker sofa, a round coffee table, and two white wire chairs. The area is adjacent to a building with large windows and a brick wall.

CONCRETE POOLS BUILT FOR **YOUR BLOCK OF LAND**

Discover the exceptional benefits of choosing a concrete pool for your dream home. With its superior stability, a concrete pool ensures long-lasting durability and peace of mind.

Experience the luxury of customisation with the ability to tailor your pool's size, depths, and even add custom seating and steps. Think about a chill-out ledge, extra steps for the kids or a larger shallow section, creating a personalised pool that perfectly suits your lifestyle, home and budget.
